

List of District Approved Hand Sanitizers When Soap and Water is Unavailable

The District tries to limit the number of products used due to Indoor Air Quality and potential health concerns they cause.

I. Washing with soap and water is always preferable, if possible.

- 1. Purell Instant Hand Sanitizer (low alcohol content)*
- 2. PAWS Wipes (available in warehouse)*
- 3. Pampers Fragrance-Free Disposable Wipes**
- 4. Target brand Hypoallergenic Fragrance-Free Wipes**
- 5. HandClens Antimicrobial Instant Hand Sanitizer (available in warehouse)*
- 6. SafeHands Instant Hand Sanitizer*
- 7. Kirkland Signature Baby Wipes (Tencel)*

**These are to be used for allergy residue, and general hand washing if soap and water is not available.*

II. The following products may be used by trained employees to disinfect environmental surfaces in classrooms and other facilities:

- 1. Clorox Lemon Fresh Disinfecting Wipes*
- 2. Spearmint Cleaner (available in warehouse)*
- 3. StrikeBac Cleaner (available in warehouse)*
- 4. Ecolab Faciipro Disinfectant Cleaner 2.0 (available in warehouse)*
